- The Urban Renewal Authority ABN 86 832 349 553 (**Renewal SA**) has issued an Expression of Interest entitled “Expression of Interest, Port Pirie – Long Term Government Lease Commitments and Infrastructure Contributions” (**EOI**), seeking a developer with developable land in Port Pirie (**Land**) to create allotments and construct dwellings to lease to the State Government on the Land (**GEH Dwellings**) and (if applicable) to create other fully serviced allotments on the Land in addition to the GEH Lots (**Additional Lots**).
- These Key Contractual Principles (**KCPs**) form part of the EOI issued by Renewal SA.
- These KCPs set out the key contractual principles and risk allocation required by Renewal SA for the formal legal contractual arrangements to be entered into between Renewal SA and the respondent to this EOI who is evaluated by Renewal SA under the EOI to be the successful developer (**Successful Developer**) to construct and lease GEH Dwellings and (if applicable) create Additional Lots.
- Renewal SA expects full acceptance and compliance with each KCP. Applications that offer shorter delivery timeframes will be considered favourably in accordance with the Evaluation Criteria.
- The form of the legal contractual arrangements entered into by Renewal SA and the Successful Developer will be determined based on the Successful Developer’s submission and will incorporate:
 - the principles set out in these KCPs; and
 - the responses received to the EOI from the Successful Developer (to the extent such responses are accepted by Renewal SA).
- These KCPs are to be read in conjunction with the rest of the EOI.
- Terms defined in the EOI have the same meaning in these KCPs (unless specifically defined in these KCPs).
