Government of
South Australia

WELCOME TO TODAY'S PROSPECT OPEN SPACE COMMUNITY DROP-IN SESSION

We encourage you to:

- ▼ view the information panels and provide your feedback on the concept design options for the open space
- ▼ meet and hear from the Renewal SA project team members

- ▼ view and learn how you can provide your feedback online anytime via the Prospect Social Pinpoint site until August 31 2022

Your feedback today will help guide the finalisation of the open space design for the Prospect development.

GROWTH AND LEADERSHIP THROUGH
PROPERTY AND PROJECT

ACKNOWLEDGMENT OF COUNTRY

We acknowledge the Traditional Owners and custodians of the Lands throughout South Australia.

We respect and support their spiritual relationship with Country and connection to their land, waters and community.

As an organisation that is passionate about creating a better future for all South Australians, we are committed to working with First Nations peoples to ensure Culture and Country is respected in everything we do and is represented through our people and projects.

Artwork created by local Kurna, Ngarrindjeri, Yankunytjatjara artist Allan Sumner.
Designed for Renewal SA as part of our Reconciliation journey.

ABOUT PROSPECT VISION

Renewal SA is leading the redevelopment of the 2.36-hectare site, just seven kms and a nine minute train trip from Adelaide's CBD.

Renewal SA, on behalf of the State Government, purchased the site at 250B Churchill Road, Prospect in late 2020.

The purchase of the site by Renewal SA ensures a high-quality outcome which best considers the surrounding infrastructure, amenity and location, and ensures development occurs in a timely manner.

The vacant site is in a high-profile location that is well connected to existing transport infrastructure Islington train station, part of the Gawler Rail Electrification Project and Churchill Road Go Zone bus network.

ENGAGEMENT PROCESS

Renewal SA is committed to ensuring that key stakeholders, and the local community are engaged as part of the planning and design process for the development at Prospect. Renewal SA has taken a 2-step approach to the planning and design of the open space for the Prospect site.

Step 1 - In May 2022 Renewal SA conducted Community Engagement online for the Prospect public open space. This enabled Renewal SA to understand the community's current and desired use of open space (including the main park, connections with the Islington railway station and pedestrian/cycle paths).

Feedback online revealed community supports or strongly supports the proposed reserve and open space based on the lack of open space in Prospect, particularly within new apartment and townhouse developments in the area. Strong support for a space with amenities such as shaded/sheltered areas, seating, nature play, feature garden beds, picnic tables/BBQs was noted.

Following the recent online community engagement, we have developed three landscape concept plan options for the reserve areas.

Step 2 - Your feedback today on the three open space concept design options will help guide the finalisation of the open space design for the Prospect development.
