MAKING A  
DIFFERENCE  
SINCE 2008

## TRAINING AND EMPLOYMENT INITIATIVES FOR HIGH SCHOOL STUDENTS

### WHAT IS THE WORKS PROGRAM?

In 2008 Renewal SA established a community training and employment model designed to maximise social inclusion benefits from our urban renewal activities.

Our Works Program uses this model to build capacity and generate economic development through training and employment and began with the inclusion of work experience and paid employment opportunities in Renewal SA-managed contracts.

To date, the Works Program has provided more than 4,490 individuals with work experience placements, enabled more than 4,600 participants to engage in training programs, and helped over 2,200 people secure employment.

### HOW DOES IT WORK?

Economic development commitment clauses are written into Renewal SA-managed contracts, meaning that our contractors are required to provide work experience and/or paid employment opportunities for local people as part of the contract conditions.

Renewal SA's Works Program welcomes expressions of interest from students interested in completing work experience with our contractors across a wide range of industries. Students' details will be kept on file for 12 months, with specific dates and hosts to be discussed with shortlisted students.

Female and First Nations students are strongly encouraged to apply.

### TYPES OF WORK EXPERIENCE

We generally accept applications for:

- ▼ Civil Construction
- ▼ General Construction (Trades)
- ▼ Project Management
- ▼ Landscaping
- ▼ Real Estate
- ▼ Engineering
- ▼ Architecture
- ▼ Marketing
